

## WELL KNOWN MISSOURI FOLKS

St. Louis, Mo.—"Dr. Pierce's medicine have been a wonderful help to me. Some years ago during each winter I would get run-down and catch cold, which would leave me with a very bad cough that usually bothered me nearly all summer. I took Dr. Pierce's Golden Medical Discovery and it cured me so completely that I have never had any return of this condition. I have since taken Dr. Pierce's Favorite Prescription during pregnancy and afterward with wonderful results. No woman should try to go through this condition without the use of 'Favorite Prescription.'—MRS. M. A. HARRIS, 1420 S. Cardinal St.

### A Woman's Weakness—Operation Was Advised

Carrollton, Mo.—"I was very poorly with woman's weakness. Had consulted with three doctors and they all advised an operation. A lady friend advised me to try Dr. Pierce's Favorite Prescription. I was in bed when I began to take the medicine, but by the time I had taken half a bottle I was up on my feet. I took seven bottles in all and was then well enough to do all my work and felt fine. I got very stout and felt just as I did when I was young. It is certainly a grand medicine and I have often recommended it to others.—MRS. MARY STANLEY, 211 E. First St.

### When Run-Down and Nervous

Chillicothe, Mo.—"For four years I had pains in my back and in the back of my head. I was all run-down and nervous. Was practically in bed for a year. My mother advised me to try Dr. Pierce's Golden Medical Discovery so I took it and was helped almost at once. I only took three bottles of it and have been better ever since that time. I know it is a fine medicine.—MRS. G. D. MARPLE, 421 East First St.

## Acid Stomach Makes the Body Sour

Nine Out of Ten People Suffer From It

It sends its harmful acids and gases all over the body, instead of health and strength. Day and night this ceaseless damage goes on. No matter how strong, its victim cannot long withstand the health-destroying effects of an acid stomach.

Good news for millions of sufferers. Chemists have found a sure remedy—one that takes the acid up and carries it out of the body; of course, when the cause is removed, the sufferer gets well.

Bloating, indigestion, sour, acid, gassy stomach miseries all removed. This is proven by over half a million ailing folks who have taken EATONIC with wonderful results. It can be obtained from any druggist, who will cheerfully refund its trifling cost if not entirely satisfactory. Everyone should enjoy its benefits. Frequently the first tablet gives relief.

## MOB TRIES TO KILL NEGRO, ONE SHOT

INEFFECTIVE ATTEMPT IS MADE TO TAKE BLACK MAN FROM JAIL.

### FAIL TO BREAK POLICE CORDON

Two Thousand Men Storm Indianapolis Lockup to Lynch Slayer of 14-Year-Old White Girl—Had Confessed the Murder.

Indianapolis, Ind.—One negro was shot and 15 men arrested in the attempt of a mob of 2,000 men to take William Ray, a negro, 19 years old, from the Marion county jail, where he is held without bond for the murder of 14-year-old Martha Huff, a white girl.

The mob made an ineffectual attempt to take the negro from the jail. It is believed the mob would have lynched Ray if it had been possible to break the heavy cordon of police which guarded the jail. Ray is the confessed murderer of 14-year-old Martha Huff. The police, in charge of Harry B. Smith, adjutant general of the state of Indiana, forced the mob to disperse. It is feared that further attempts will be made to take the negro from the jail and lynch him.

The first arrest was made when a man giving his name as John Gilson, 63 years old, is said to have attacked one of the patrolmen guarding the jail. The police officers attempted to disperse the mob, but their numbers steadily increased.

Four additional arrests were made shortly afterward while the police were driving the mob away from the jail. The mob was dispersed with difficulty. The police were well organized for their work, while the mob lacked leadership. Few appeared to be armed and there was no evidence of rope. As the mob broke up in smaller groups within a short radius of the jail, plans were made for a concerted attack on the jail.

Governor Goodrich was out of the city, but Harry B. Smith, adjutant general, was in charge of the situation. He was ready to call on the state militia companies of Indianapolis.

William Ray, for whom the mob was believed to be seeking, came to Indianapolis from Chicago about three weeks ago, and has been employed in this city. He is 19 years old and married.

The crime for which he is held without bond was committed a week ago. He was said to have made a written statement in which he told how he enticed the girl from her home with a promise of new clothes and took her to a lonely spot on the banks of Eagle Creek, west of the city. In the alleged confession he said she screamed when he attempted to embrace her and that he stabbed her 13 times in the neck to silence her. Later he threw the body into the swollen waters of the stream.

## DRY LEADER TURNED DOWN

REJECTION SHOCKS HAY'S FOLLOWERS IN MISSOURI.

Governor Gardner, Judges W. W. Graves, John S. Farrington and Rev. B. A. Jenkins Will Go to San Francisco.

Joplin, Mo.—The men elected delegates-at-large were: Gov. F. D. Gardner, Judge W. W. Graves, Rev. B. A. Jenkins of Kansas City, and Judge John S. Farrington of Springfield. The other candidates were W. T. Kemper and Charles M. Hay. The defeat of Charles M. Hay, dry leader, for delegate-at-large came as a surprise and shock to the prohibition leaders. Hay was defeated by St. Louis and Jackson county, which went solidly for Farrington, who ran neck and neck with Hay in the county.

Jackson county voted for W. T. Kemper, which, it was thought, would result in the election of Hay, but Kansas City changed its vote when the roll call ended from Kemper to Farrington.

The defeat of Hay through the combination may not deter him, however, from running for United States senator, because of his substantial showing in the county.

Miles Bulzer, Prendergast leader in Jackson county, said that if Senator Reed is defeated for district delegate by the state convention that Jackson county's 178 delegates will bolt the convention.

Fifth District politicians claim that the district has authority to choose its own delegates for San Francisco without the sanction of the state convention.

Negro Confesses He Slew Girl. Indianapolis, Ind.—William R. Ray, 19, a negro, confessed that he killed 14-year-old Martha Huff. He was identified by Nora Smock, 11, stepsister of the murdered girl.

## Where is Relief From Blazing Skin Diseases?

Must I Endure Forever the Torturous Itching? The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, scaly irritations, red eruptions and other disfiguring and unsightly disorders. The sensible treatment that will show real results is a remedy that will cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S., which cleanses the blood of the disease germs, at the same time building up the general health. ## A. B. RICHARDS MEDICINE CO., Sherman, Texas. LITTLE CHANGE IN PHYSIQUE CLOSE STUDENTS OF NATURE

Report That Average Stature of American Men Was Affected by War Declared Untrue.

The wholesale clothing manufacturers assert that there has not been any change in the size of their garments since the war. They are manufacturing more garments, but the proportion of larger sizes is no greater now than it was three years ago. In short, their size patterns have not changed. Yet changes would be necessary if the stature of American men had been affected in any appreciable way by the year and a half or two years of military training. Manufacturers of ready-to-wear shirts and undergarments agree with the clothing manufacturers that there has been no change in their size patterns despite the reports of numerous individuals who take "a size larger" today than they did before the war. As one manufacturer put it, the proportion of soldiers who need larger sizes in shirts or suits today than they did two years ago is so small that it has no effect on wholesalers. Salesmen naturally remember certain individual cases of increased chest development, but, taking the country by and large, there has been no appreciable change in the physique of the male portion of the population, at least as far as their clothing is concerned.
